

EARNING CE CREDIT

Course Title

[Pulmonology Essentials for the SLP](#)

Course Description

It is critical for SLPs to have an understanding of the **respiratory system**, including imaging and other test results and how they can guide SLP practice. In this **self-paced webinar**, a **Pulmonologist** educates SLPs about terminology and **key concepts** related to chest imaging; pulmonary testing; and other pulmonology topics. He then explains the importance of SLP + Pulmonology **collaboration**.

Learner Outcomes

As a result of this course, participants will be able to:

- Explain 3 common findings on chest imaging
- List 2 pieces of information a pulmonary function test (PFT) provides
- Describe how SLP and pulmonology can collaborate in patient care

Agenda *(subject to change)*

- | | |
|--|------------|
| • Introduction | 5 minutes |
| • Understanding chest imaging | 25 minutes |
| • PFT basics | 15 minutes |
| • Pulmonology + SLP Collaboration | 10 minutes |
| • Q&A | 20 minutes |
| • Learning assessment, survey, adjourn | 15 minutes |

ASHA CEUs

This course is registered for 0.15 ASHA CEUs. Partial credit is not offered.

The Modern MedSLP

Intermediate Level

0.15 ASHA CEUs

Course Completion Requirements

In order to receive a certificate of completion, learners must do the following. Failure to complete all of these requirements will result in not receiving a certificate of completion or having participation reported to ASHA for CEUs:

- Watch 100% of video lesson
- Earn a score of $\geq 80\%$ on the brief, open-book, multiple-choice learning assessment. If needed, learners may retake the test in order to achieve a passing score.
- Complete and submit the course feedback survey.
- Submit the Reporting Information form and indicate whether you would like your participation reported to ASHA. Note: if you tell us you *don't* want ASHA CE reporting and later change your mind, we can't retroactively apply it.

Instructor Bio

Adnan Pervez, MD is a Pulmonary, Critical Care and Sleep Medicine Specialist at UNC Rex Hospital. He practices in the outpatient and inpatient settings at Rex Hospital and is the Medical Director of the Rex Sleep Disorders Center. He completed his Internal Medicine residency at State University of New York at Buffalo, followed by fellowships in Pulmonary and Critical Care Medicine at University of Illinois and Sleep Medicine at University of Missouri before joining Rex Pulmonary Specialists.

Instructor disclosures

- *Financial*: Receives an honorarium for this course. Employee of UNC Rex Hospital.
- *Non-Financial*: None
